Why UK Followers Can't Buy From Your Amazon Affiliate Link (And How to Fix It)

IMAGE DIRECTION

Dark black background, white bold text centred. Add 'linkglobe.co' at the bottom in small text.

TEXT ON IMAGE (copy into Canva exactly)

You're losing affiliate commission
every time a UK fan clicks
your Amazon link.

Here's the fix.

linkglobe.co

CAPTION (copy exactly)

If you share a US Amazon affiliate link, your UK, Australian and Canadian followers land on the wrong store - and you get zero commission. It's been happening silently every time. LinkGlobe fixes it automatically: one link detects each fan's country and sends them to their local store with your affiliate tag applied. Free to start. No commission cuts ever. linkglobe.co

The Affiliate Marketing Mistake Most Creators Don't Know They're Making

IMAGE DIRECTION

Warm cream background (#f7f6f3), large serif font for the quote. Feels like a relatable tweet or confession post.

TEXT ON IMAGE (copy into Canva exactly)

"I had 40k followers and was only earning commission from US fans.

My UK audience was clicking and I was getting nothing."

This is fixable.
